Uforia	Bavaria 30	0.916	0.885	12:40:42	5142	4551	4	0.01945	0.801	0.872

NOTES

From May 2013, the RYA *National Handicap for Cruisers* is used.

BN Base Number from RYA table.

TCF Time Correction Factor, ie Handicap used for **this** race. It is the TCFn from the last race (or BN if no last race)

(AS Adjustment Scale = 100/E)

TCFr Handicap achieved in **this** race.

TCFn Handicap to be used for the next race (as TCF for the next race).

Corrected Time = Elapsed Time x Time Correction Factor

so a **lower** TCF is '**advantageous**'
